授業のねらいとカリキュラム上の位置付け(一般学修目標) / Course Objectives	教育目標 / Educational Goals				
Migration and human mobility are cross-cutting issues cover 11 goals in the SDGs, and closely related to the central, transformative promise to “Leave No One Behind” in the SDGs. However, there is no global governance of migration and human mobility, which is still largely dependent on the policies of sovereign nations. In this lecture, we examine global and regional governance of migration and human mobility, and learn what ideology supports sustainable migration policy in some economic zones. And this lecture also examines the outbreak of anti-immigrant sentiment in migrant-receiving societies.					
達成目標 / Course Goals					
1. You are required to address migration issues in the SDGS. 2. You are required to understand the theoretical background of sustainable migration policy. 3. You are required to learn how to research migration issues and anti-immigrant sentiments in daily life in a specific local site.
